

SCOPE Certification

What is SCOPE Certification?

SCOPE Certification is an internationally recognised standard of obesity management expertise, which promotes and acknowledges excellence in obesity prevention and treatment. SCOPE awards this obesity qualification to healthcare practitioners who have completed the SCOPE training programme.

With SCOPE Certification, your obesity expertise will be recognised worldwide. This qualification will open doors in your professional pursuits, and equip you to better manage and treat your patients with obesity.

Do I qualify?

SCOPE Certification is open to all healthcare professionals working within a medical or allied healthcare professional setting. This includes doctors, nurses, dietitians, nutritionists and many others. To qualify, it is essential that you have at least six months' practical experience related to obesity management within a medical or allied healthcare professional setting at the time of applying. It is assumed that six months' clinical experience involves the treatment of patients with obesity.

If you are unsure if you qualify, please contact scope@worldobesity.org

Step 1: Complete the core learning path

All users wishing to become SCOPE Certified must complete the Core Learning Path, available for purchase in the SCOPE store.

You will earn 4 SCOPE points by completing the Core Learning Path.

Step 3: Email us with evidence of your work

After earning 12 SCOPE points, you must provide evidence that you have at least six months' practical experience related to obesity management.

Appropriate documentation may include (but is not limited to):

- A letter from your employer on official letterhead describing the nature of your work and length of service.
- A registration certification from the professional body with whom you are registered or your medical diploma if dated more than 6 months' previously.

Please email your evidence to scope@worldobesity.org

Example of evidence can be found on the following pages.

Step 2: Earning 8 additional SCOPE points

You must earn a total of 12 SCOPE points to be eligible for SCOPE Certification. After completing the Core Learning Path you must earn 8 additional SCOPE points to give you a total of 12.

Points can be earned by completing our free supplementary modules (0.5 points each), attending SCOPE Schools (4 points each) or by attending SCOPE Accredited events (points vary).

Step 4: Receive your SCOPE Certification

After contacting us, we will review your documents and check you have the required number of SCOPE points. In some cases, we may request additional documentation to confirm your eligibility. We will contact you once your SCOPE Certification has been approved.

Please allow up to 7 working days to receive your certificate.
